## PREFACE

I have great pleasure to place in the hands of the readers third revised and enlarged edition of the *Directory of Libraries in India*. The second edition of this book was published in 1989. For the last about ten years I have been receiving letters from a large number of Organisations for bringing out a revised edition of the Directory. But because of my engagement with other books, I could not bring out the revised edition and offer a humble apology to my well-wishers whom I kept waiting for about a decade.

The revised edition contains much larger number of addresses of Libraries in India. Special chapters have been added on addresses of Institutions offering courses on important subjects like Management, Medicine and Nursing, Engineering and Technology, Architecture, Law, Sports etc.

It is hoped that the Directory in its present form would be highly useful for Publishers and Booksellers in mailing their publicity material. The Directory would also be useful to Librarians for getting information about Libraries in India.

While every possible care has been taken to avoid mistakes, the compiler and the Publishers do not accept responsibility for any mistakes which still creep in.

The compiler would be grateful if any mistakes in the Directory are brought to his notice and the same would be corrected in the next edition

I have planned to bring out soon a Directory of important libraries in English-speaking foreign countries.
